I CAN deal with it ANY MORE. LAST year I  
 WAS ACCUSED of RAPING A Female CO-worker. I Fought <sup>#1</sup>  
 it, but she still believed her. This was @ Wesley Nursing Home,  
 in May 2008. It hurt my psych. tremendously. It  
 BROUGHT me down. I was currently working on  
 my second year towards my master in  
 Nursing @ Marywell college. But I'm hurt  
 psychologically. Result was was part on  
 Per-diem status from part-time course  
<sup>#2</sup> of my school schedule. I met @ the  
 Compliance Committee + they taught @  
 me + this was at LAKEside hospital  
 2 wks ago. One of the victims, was  
 in forming lot of co-workers that I was  
 OFFERING her money to sleep with me.

Just Cause I Keep to my self + work  
hard, People cant take advantage of  
this + come up with False accusation.

that's twice in a year. It hurt  
me again, I have lots to lose, but  
already lost me soul. I as a minority  
dont have recourse - even then - I wasn't  
charged @ Wosley - they still paid her off.  
+ Fired me. I'm sick of Evil People  
using male Superior in Abusing in cash #8  
Deposit, may it be RAPE, sexual harassment,  
indecent language or what ever. I'm tired  
of All this injustice. I served this  
Country, but no justice For me.
