It seems like the media keeps projecting me as a guilty individual already. How am I suppose to have a fair trial by a Jury of my Peers here in Monroe & Ontario County? I keep enduring these defamations of character on a regular basis. If there's any questions that is on the people's mind - why don't they just ask me for my side of the story? I'm not Court Convicted, so I still have my Constitutional Rights to the fullest without limitations. I'm able to speak to interviewers or reporters with my attorney present of course. It's time that the people know the truth & not just the hype being given by the lying law enforcement Personalls & D.A. & also the Garbage Put on D.W.C Papers.

Feel Free to contact my attorney if an interview
is wanted by the people.

He'll gladly be able to make the connection happen -
so that all Monroe & Surroundings know the truth.

Feel Free to FAX to other tv stations ..

It's the American way..... god Bless
